After Snack Time

Once snack time has finished, the children can play. We offer a wide range of activities for the children to take part in. We know the children will have had a busy day at school, so our main aim is to ensure that the children can relax and play with their friends in a safe and secure environment.

Activities We Offer

The children can take part in any of the following; arts and crafts, puzzles, toys and games, cooking, painting, planting, gardening, and outdoor play, water play weather permitting. We also have the advantage of using the church in wet weather for ball games.

Aims and objectives of wraparound care

We aim to provide quality, affordable, wraparound care in a welcoming environment.

If your child has any special requirements, please come and speak to us personally to discuss your individual situation.
